### School Councillor's Code

1. Set a good example
2. Don't use bad language
3. Being kind in the playground
4. Be a good friend
5. Be polite- say please and thank you
6. Do not bully – say kind words and have nice hands
7. Try and resolve disagreements or tell a teacher
8. To take care of the school and playground
9. Look after school equipment
10. Put litter in the bin
11. Put your hand up in class and be a good listener
12. To show perseverance
13. To help other when they are finding a lesson difficult
14. To always try your best

1 red card = ½ term suspension from the school council

2 red cards = removed from school council

### Ideas for school

1. Bigger footballs – soft but not full size – better to practise with and more realistic
2. Football takes up most of the playground – sections of the playground just for football – top half near shed for football – better when you can play football on the grass
3. Some boys say that the girls can't play football – to be discussed in assembly
4. Anonymous box in the hall where children can put their ideas – Ideas box and worry box – wants the teachers to show again as the SC doesn't think that many students know about it

5. Let year 1's play football with year 2's when they don't have a ball
6. Agree that playtime should be separate for KS1 and KS2 – want playtime to be 5 minutes longer- so that they can burn more energy.
7. S.C. would like there to be a calmer between break time and lesson 2. Feel that some lessons begin in a chaotic way.
8. More art lessons in year 6
9. Don't step on living animals – children building worm houses – some children going over and killing the bugs – to be addressed in assembly
10. Allotment in the playground – the children would like there to be a gardening club during lunch. The children would also like to build a bug hotel.
11. Activities to be given in the playground
12. Would like peer mediators to be introduced again – Year 6 role – chn. chosen each month – allows fall outs to be sorted between friends more quickly
13. To use tablets more in class – would like them to be used when teaching foundation subjects
14. Teachers to give children more free choice in a lesson
15. For teachers to give a range of activities during one lesson (i.e. a carousel of activities that the children choose from)
16. S.C would like to meet every 2-3 weeks to discuss ideas.
