

# **Parrett and Axe CE VA Primary School's Publication Scheme on information available under the Freedom of Information Act 2000**

Reviewed March 2021

*The governing body is responsible for maintenance of this scheme.*

## **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form. Increasingly, information will be available for you on our website to download and print off.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

## **2. Aims and Objectives**

At Parrett and Axe we aim:

- To provide a secure Christian environment in which consideration and respect for self and others, including the wider community, can be fostered
- To encourage and support each child to achieve the highest standards of which he or she is capable in all areas of academic and personal development
- To foster a positive and responsible attitude in children towards their environment

This publication scheme is a means of showing how we are pursuing these aims.

## **3. Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- *School Prospectus* – information published in the school prospectus.
- *Governors' Documents* – information published in governing body documents.
- *Pupils & Curriculum* – information about policies that relate to pupils and the school curriculum.

- *School Policies and other information related to the school* - information about policies that relate to the school in general.
