

French at Parrett and Axe CE VA Primary School - Our Intent

At Parrett and Axe CE VA Primary school, we work to ensure that our pupils develop their confidence as linguists throughout Key Stage Two. We provide quality first teaching in French through wide-ranging opportunities to speak, listen and begin to write in French. We aim to help the children grow into enthusiastic and curious learners, and provide them with a strong foundation in the language which will equip them for their language studies at secondary school.

We base our curriculum on the PlanIt Scheme, which provides a sequence of carefully planned lessons based around engaging topics. This allows us to build on the childrens' learning each year and ensure progressive coverage of the skills in the National Curriculum.
